

Kent Surface Mount Corner Guard

Kent Corner Guards (KCG) are designed for areas that are unprotected or that have already been damaged.

The speed and ease of fixing make it the ideal choice, avoiding the necessity for expensive renovation work.

The two basic corner guard options available are Screw fix (includes countersunk drilled holes) or Glue on (strong adhesive recommended)

Features:

- 2mm or 3mm thick steel
- Satin finish 320 Grit polished
- Screw fix as standard
- Grade 304L stainless steel
- Easy to maintain & clean

Product Code	Length	Wing A	Wing B
Kent Corner Guard KCG 50	1000mm	50mm	50mm
Kent Corner Guard KCG 60	1000mm	60mm	60mm
Kent Corner Guard KCG 75	1000mm	75mm	75mm
Kent Corner Guard KCG 80	1000mm	80mm	80mm
Kent Corner Guard KCG 100	1000mm	100mm	100mm

*Up to 3000mm available

Maintenance of Stainless Steel

Clean the stainless steel components using warm water with a mild detergent with a non-abrasive cloth or sponge. Heavier stains may require the use of a nylon-scouring pad or a stainless steel cleaner.

To remove paint or graffiti use a cloth and Alkaline or solvent paint strippers according to type of paint. In the case of a bead blasted finish, where abrasive cleaning is required, always use a random circular rubbing action with a cloth.

In the case of brushed finishes the surface consists of uniform fine 'scratches' running in one direction so where abrasive cleaning is required always use a straight back and forward rubbing action in the direction of the grain using soap and warm water.

Rust spots or 'tea stains' can occur on the surface of the material, these are normally caused by contamination from ordinary mild steel, particularly in areas where construction work has been undertaken. Such stains can be removed using Rust Remover 410.

In cases where the surface is severely stained because of severe environmental conditions or scratched due to misuse, it may still be possible to restore the original finish using chemicals such as Oxalic Acid solution. There are many stainless steel polishes available to enhance the surface finish.
